

Premium
Audio

2026

Engineered for the ultimate sound experience

Infinity was founded in 1968 by three aerospace engineers using advanced technologies in the pursuit of perfect sound. That's why Infinity remains committed to challenging the status quo and pushing sound further than it's ever gone before.

Infinity breaks barriers with leading edge technology and unconventional materials so you can hear the future.

Car Speakers

Since the birth of premium car audio in the 1970's, Infinity has been there, leveraging its groundbreaking engineering expertise in transducer design to bring high-fidelity to the automobile. The 2026 lineup of Infinity Speakers is our best yet!

Kappa Series

High-Res certified

Series features

Infinity's Kappa speakers set a new standard in car audio. Our Patented Plus One™ woofers deliver tight robust bass and high-output that is detailed and musical. Edge-driven textile dome tweeters with oversized voice coils deliver silky smooth highs with increased thermal power handling for high volume enthusiasts.

- 3 Ohm voice coil
- Patented Plus One™ glass fiber woofer cone
- Edge-driven, silk dome tweeter
- Component speakers upgradeable to 3-way system
- Ultra-high sensitivity (up to 93db)

Product models:

INFSPKKA303S	3" Midrange & crossover
INFSPKKA603CF	6.5" Component speaker system / no grille
INFSPKKA693CF	6 x 9 Component speaker system / no grille
INFSPKKA463XF	4 x 6 Plate speaker / no grille
INFSPKKA53XF	5.25" Multi-element speaker / no grille
INFSPKKA63XF	6.5" Multi-element speaker / no grille
INFSPKKA683XF	6 x 8 Multi-element speaker / no grille
INFSPKKA693M	6 x 9 Multi-element speaker

Reference Series

Car audio loudspeakers

Reference 697M

Series features

New Reference speakers are designed to deliver Infinity's signature sound in more vehicles. They feature edge-driven textile tweeters for smooth, clear highs and the larger models offer an adjustable tweeter output level control for optimization based on installation location. Oversized patented Plus One™ woofers offer more surface area for higher bass output and enhanced midrange performance.

- Edge-driven, textile tweeters
- Tweeter attenuation switch
- Angled tweeter on larger coaxial speakers
- Plus One™ woofer cone
- True 4 Ohm architecture
- Optimized frame size
- Competitive pricing

Product models:

INFSPKRF307FUS	3.5" 2 Way / Pair
INFSPKRF407FUS	4" 2 Way / Pair
INFSPKRF467FUS	4 x 6 2 Way / Pair
INFSPKRF507FUS	5.25" 2 Way / Pair
INFSPKRF607SLUS	6.5" Slim 2 Way / Pair
*INFSPKRF607FUS	6.5" 2 Way / Pair
INFSPKRF687FUS	6 x 8 2 Way / Pair
*INFSPKRF697FUS	6 x 9 2 Way / Pair
*INFSPKRF697MFUS	6 x 9 3 Way / Pair
*INFSPKRF697CFUS	6 x 9 Component / Pair
INFSPKRF507CFUS	5.25" Component / Pair
*INFSPKRF607CFUS	6.5" Component / Pair
INFSPKRF757TUS	3/4" with inline Crossover / Pair

*Optional grills available

Primus Series Speakers

Value added series of drop in speakers

Series features

The premium Infinity® brand carries a strong background in high fidelity sound reproduction built on solid engineering. Infinity engineers now bring popular sonic attributes of the successful **Primus Series** home speakers to an automotive speaker line.

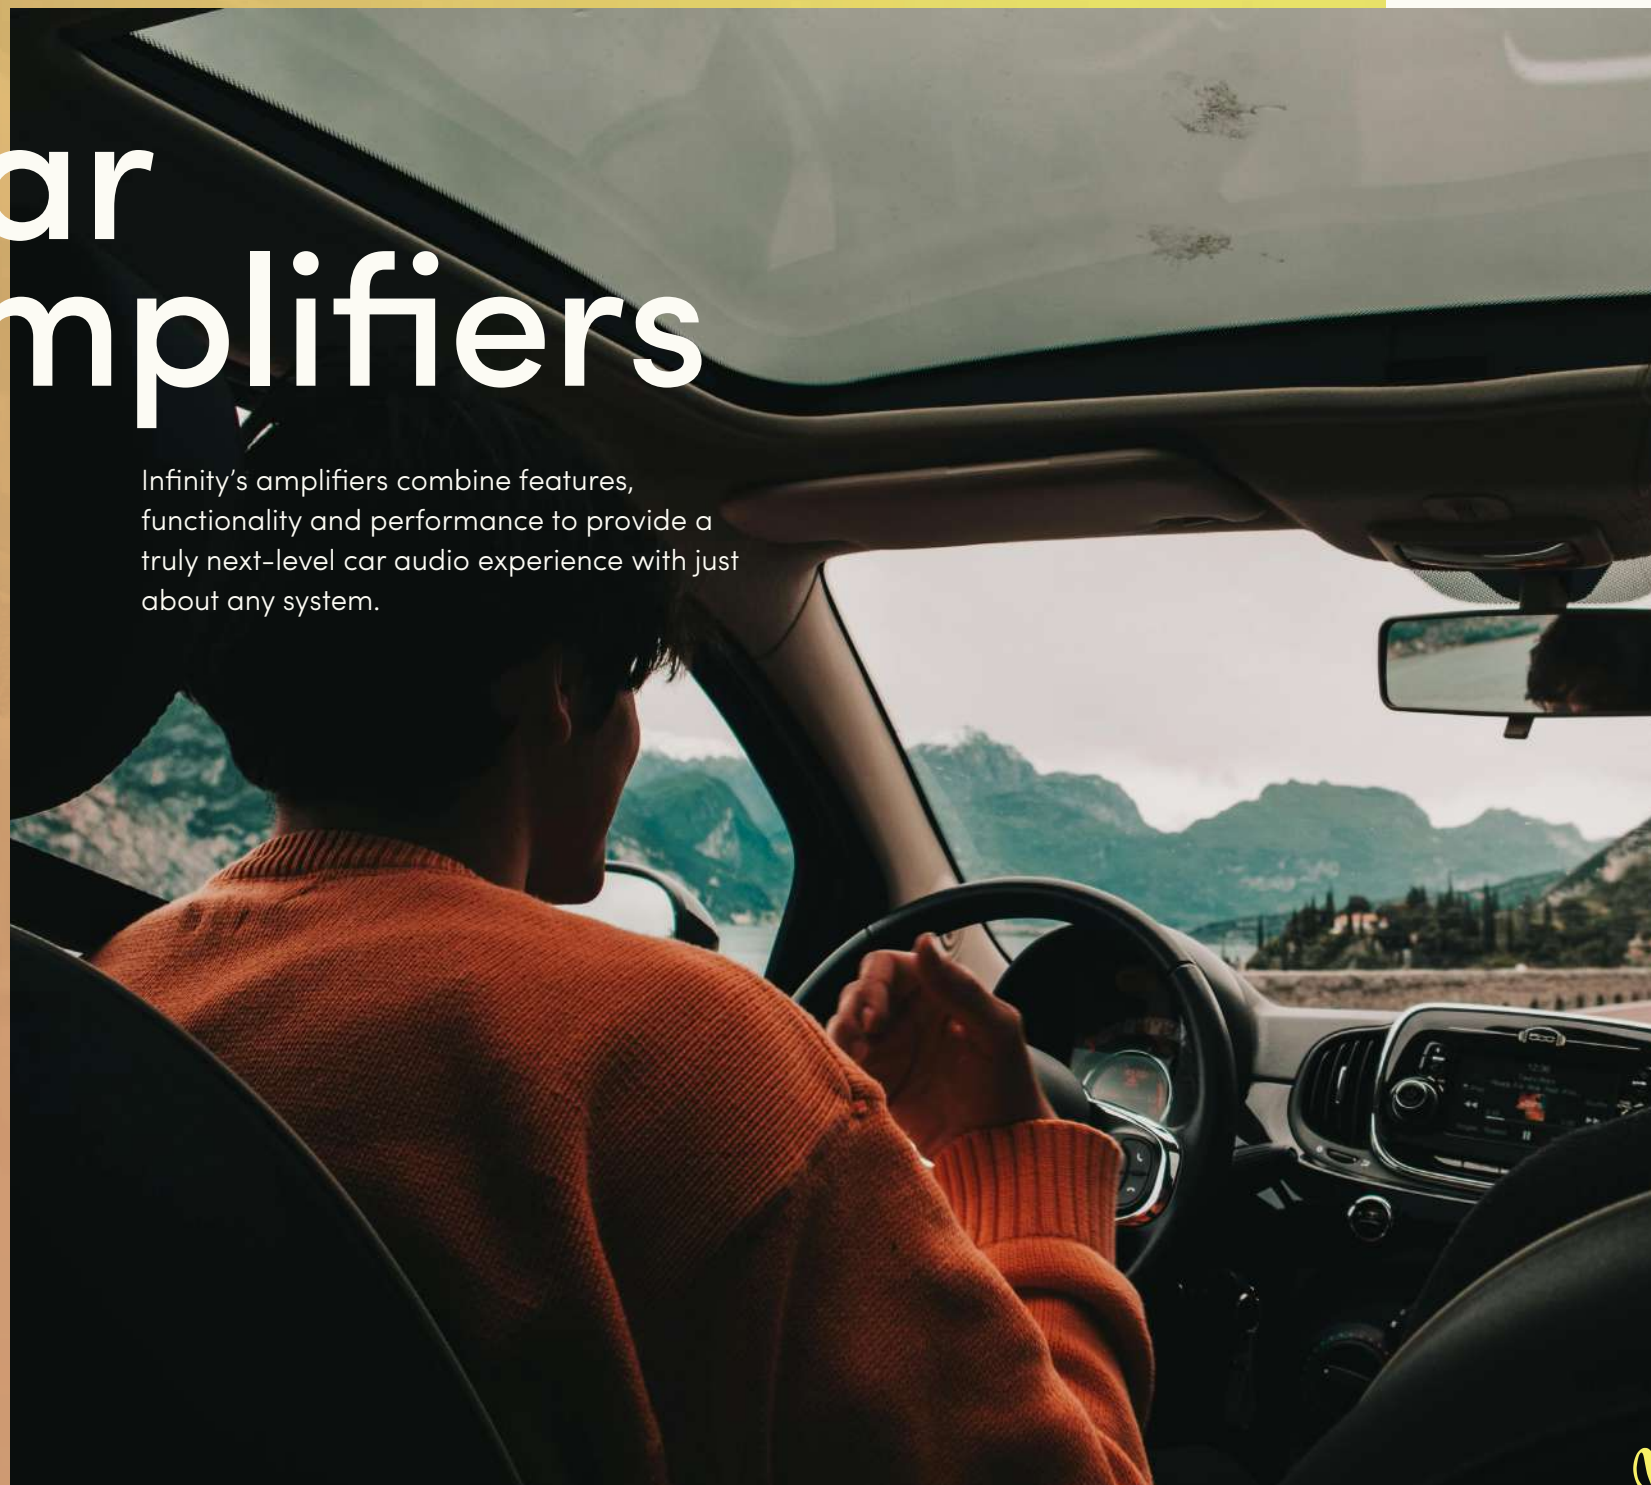

Product models:

NFSPKPR503CF	5-1/4" 2-way component system
INFSPKPR603CF	6-1/2" 2-way component system
INFSPKPR693C	6" x 9" 2-way component system
INFSPKPR503F	5-1/4" multi-element system
INFSPKPR603F	6-1/2" multi-element system
INFSPKPR683F	6" x 8" multi-element system
INFSPKPR693M	6" x 9" multi-element system
INFSPKPR753T	3/4" component tweeter with inline crossover

- True 4 Ohm architecture
- Plus One woofer cone
- Vented motor assembly
- High sensitivity (93 – 94db)

Car Amplifiers

Infinity's amplifiers combine features, functionality and performance to provide a truly next-level car audio experience with just about any system.

Reference Amplifiers

Car audio amplifiers

Reference Amplifiers

The all-new Reference Series Amplifiers – designed from the ground up to bring a clean, elegant look to car audio amplification with strong list of feature, function and Benefits. Variable crossovers, bass boost and sub level control on 5ch and mono block amplifiers provide complete control over fine tuning the system. All wiring is on 1 side for more flexible installation and the control are hidden away making for a sleek professional look.

- Fresh new design
- Hi/Lo level input
- Current sense on (selectable)
- Bass boost on Mono and 5 Ch.
- Control panel cover

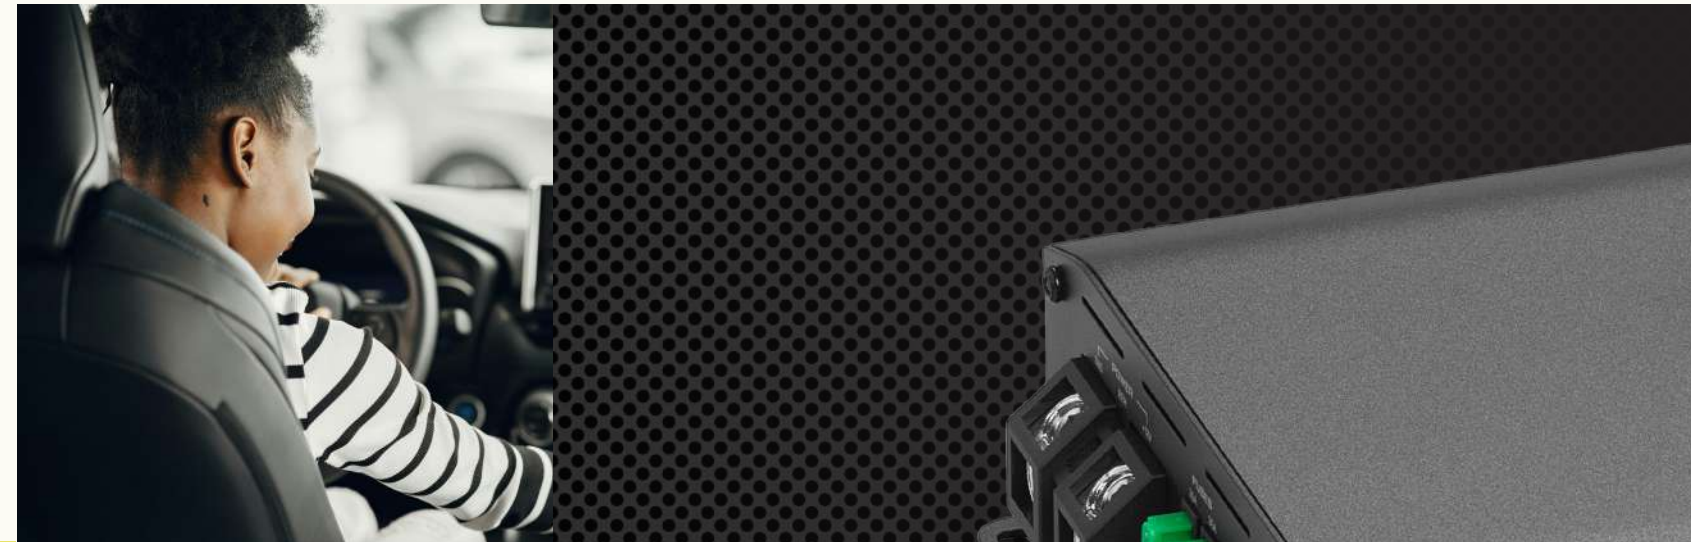

Infinity

Product models:

AMPRF3004AAM	4 Channel, 75w x 4
AMPRF7005AAM	5 Channel 50w x 4 / 1 x 500w sub channel
AMPRF6001AAM	1 Channel 600w x 1
AMPRF10001AAM	1 Channel 1000w x 1

Primus Series

Compact amplifier engineered for the ultimate sound experience.

Primus 90041A

Primus Amplifiers

- Great performance at an affordable price
- Compact footprint
- Full on-board protection
- Start/stop compatible
- Wide input sensitivity range
- Adjustable bass EQ
- Ohm load detect compatible
- Crossover controls
- Immersive sound experience
- Infinity industrial design
- High-performance car amplifiers

The Infinity Primus series high-performance Class-D amplifiers are available in four-channel and mono-channel models engineered to accommodate a wide range of system configurations. With a suite of advanced features, they enable precise tuning and optimization, delivering the ultimate listening experience. These compact amplifiers are equipped with user controls, including a bass EQ as well as HPF and LPF crossover controls, allowing you to tailor the sound to suit the characteristics of your vehicle.

Product models:

PRIMUS90041A	4 Channel, 90w x 4 amplifier
PRIMUS50011A	Mono, 500w x 1 amplifier w/RLC

Car Subwoofers

Infinity Subwoofers are designed and engineered to be elegant yet powerful, providing exceptional output in an attractive and sleek design that's perfect for almost any vehicle.

Reference Subwoofers

Car audio subwoofers

Series features

The Reference Series woofers deliver enhanced efficiency and higher output. Infinity uses progressive spiders to provide best in class control at the excursion limits versus much more commonly used linear spiders. The benefit is far more controlled woofer stroke with considerable tighter bass characteristics.

- SSI™ (Selectable Smart Impedance)
- High roll surround
- Radial textured polypropylene cone
- Aero-cooled plateau venting

Reference Thin Subwoofer

Product models:

- INFSUBRF103WSL 10" Low profile subwoofer w/SSI™
200w RMS / 800w peak
- INFSUBRF123WSL 12" Low profile subwoofer w/SSI™
250w RMS / 1000w peak

Product models:

- INFSUBRF103W 10" Subwoofer w/SSI™ - 250w RMS / 1000w Peak
- INFSUBFR123W 12" Subwoofer w/SSI™ - 275w RMS / 1100w Peak

Reference Sub Enclosures

Car audio bass solutions

Series features

Infinity Reference subwoofer enclosures deliver deep, powerful bass with precise sound reproduction. Designed for durability and optimal performance, they provide an excellent foundation for high-quality audio systems, ensuring a rich, immersive listening experience with superior bass response and easy integration into any setup.

- Positionable logo
- 2 Ohm
- Flexible mounting options

Product models:

- | | |
|-----------------|---|
| INFSUBRF1000SSL | Loaded shallow 10" Sub enclosure with passive radiator |
| INFSUBRF1200SSL | Loaded shallow 12" Sub enclosure with passive radiator |
| INFSUBRF1200D | Slipstream ported enclosure with two 12" Reference subwoofers |

Basslink Mini

Series features

The Infinity Basslink Mini provides deep bass while taking up minimal space. Don't let the size fool you, delivering tight accurate bass with a 100w on board amplifier all in an aluminum die-cast compact enclosure.

- 6" x 8" flat subwoofer design
- 100w RMS class D amplification
- Variable low pass crossover
- 12db bass boost at 50hz
- Includes remote sub level control

Product models:

SUBBLMINIAM 6" x 8" Flat woofer design
100w RMS built-in amplifier

Marine

Infinity Marine by Harman is all about forward thinking and accuracy. Status quo is not an option as Infinity Marine pushes boundaries, staying true to the pursuit of Sound Perfection. While harsh environments create more challenges, Infinity Marine continues to deliver unique marine products with unmatched engineering and design.

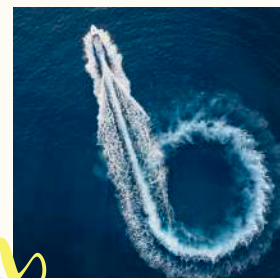

Marine Speakers

Marine audio speakers

Series features

Infinity Reference Marine Speakers are ready to take on your next outdoor adventure. These fully marinated speakers not only deliver Infinity sound, but they also feature RGB lighting to bring the sound to life.

- RGB lighting with 7 color options
- Individually voiced Infinity signature sound
- Designed to withstand harsh outdoor environments
- IPX5 marine rating

622MW

Product models:

- 622MW 6.5" 2-way marine grade speaker - White
- 622MLW 6.5" 2-way marine speaker with RGB lighting - White
- 622MLT 6.5" 2-way marine speaker with RGB lighting - Titanium

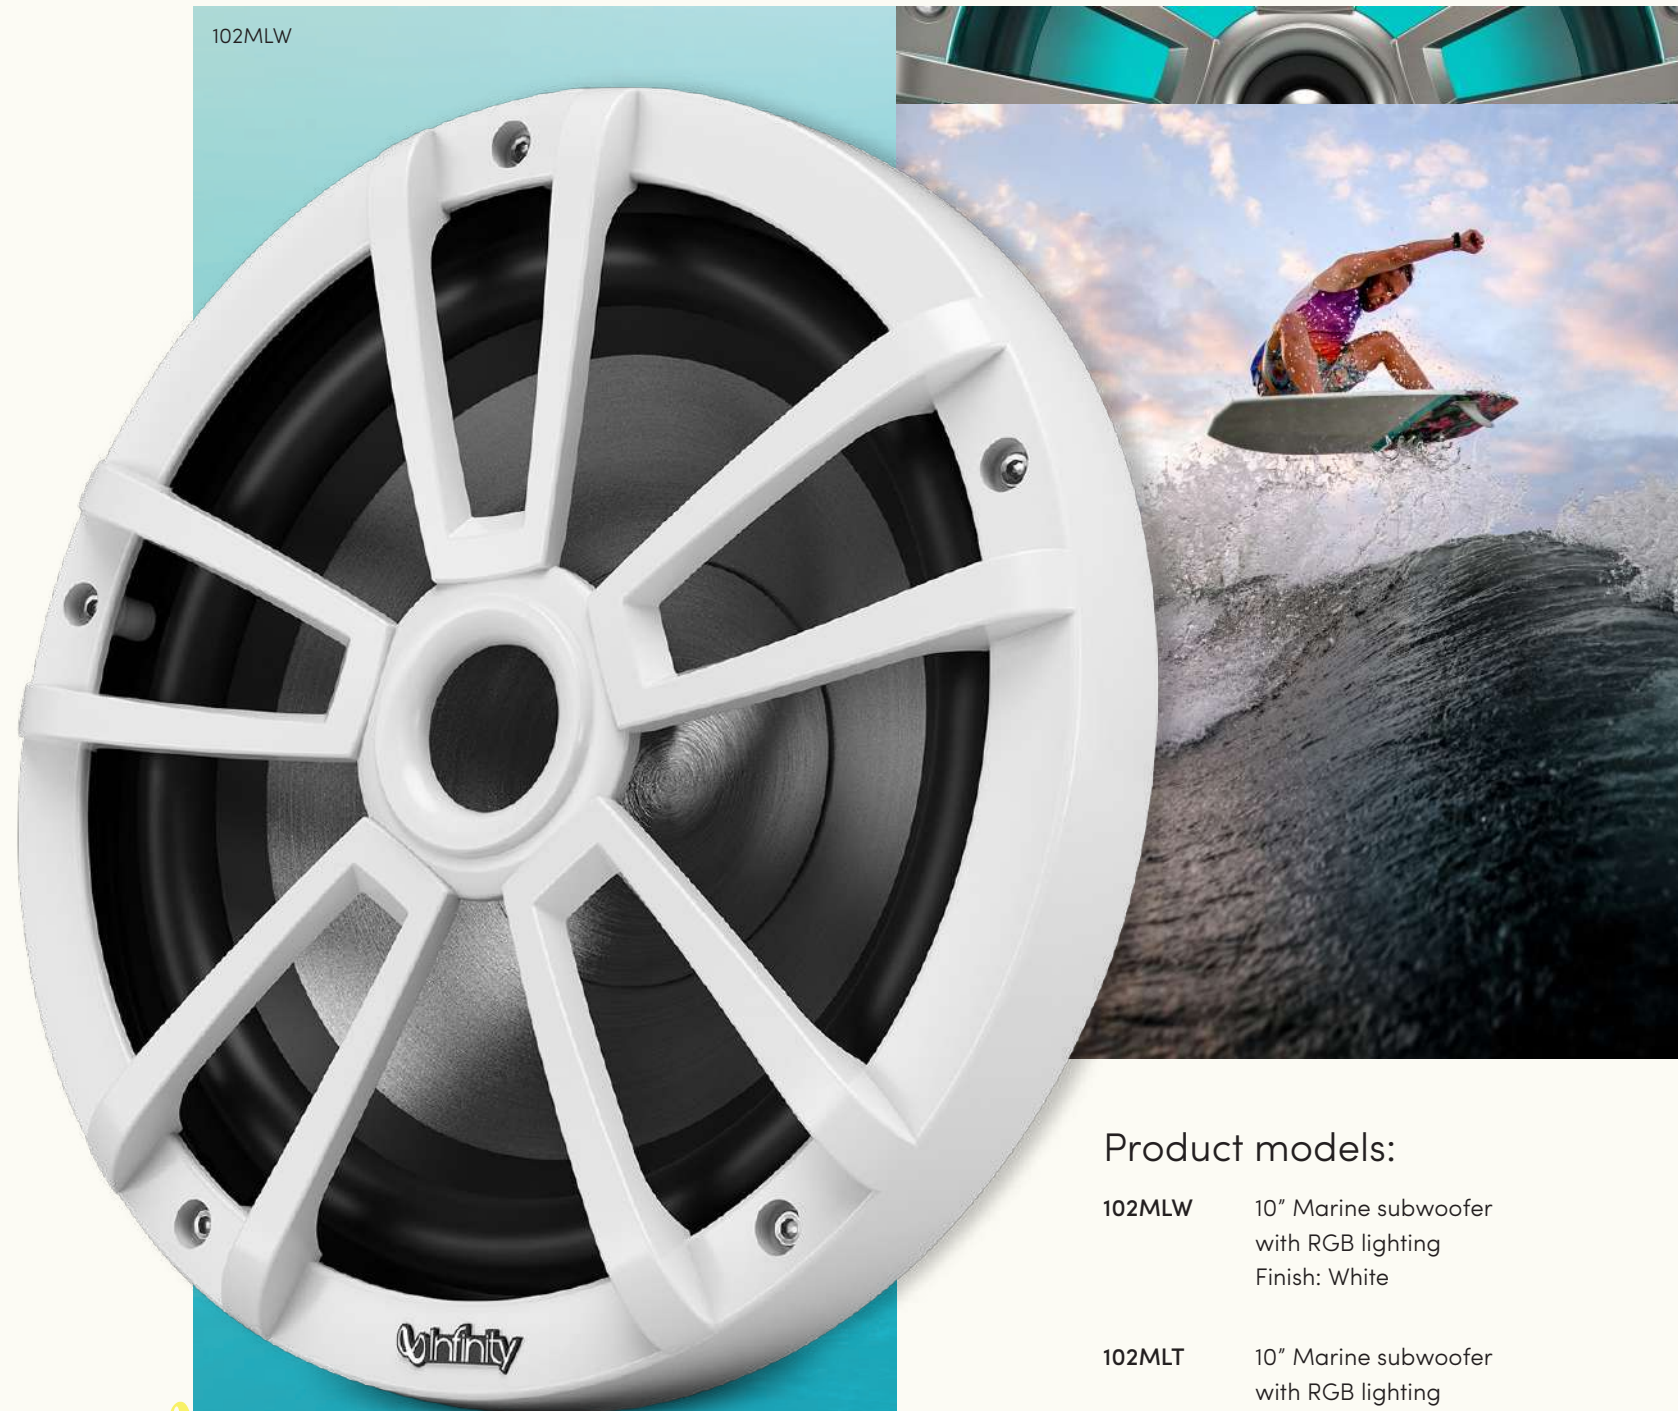

Marine Subwoofers

Marine audio subwoofers

Series features

Infinity Marine subwoofers are engineered to deliver supreme audio performance in the most extreme outdoor environments, whatever activity you may be enjoying along with your music.

- RGB lighting with 7 color options
- Individually voiced Infinity signature sound
- SSI™ (Switch-Selectable Impedance)
- Designed to withstand harsh outdoor environments
- IPX5 marine rating

Product models:

- 102MLW** 10" Marine subwoofer with RGB lighting
Finish: White
- 102MLT** 10" Marine subwoofer with RGB lighting
Finish: Titanium

Marine Amplifiers

High-performance marine audio solutions

Series features

Designed to be the heart of your Marine Audio System, the Infinity Reference Marine amps boast variable crossover network to ensure the speakers are getting what they need for optimum performance. The IPX6 rating ensures these amps can withstand the elements. Couple this with the striking cosmetics, you may not want to hide these away!

Product models:

INFM6001AAM	600w marine mono block
INFM3004AAM	4 x 75w / bridgeable amplifier
INFM7005AAM	4 x 75w / 1x500w 5ch amplifier
INFM6008AAM	8 X 70W 8-Channel AMP

Powersports Audio

Taking the Infinity audio experience to the next level, the all-new speakers, amplifiers, and Plug N Play Harley Davidson kits are ready to give your adventure unlimited and unmatched audio excellence. Designed, tuned, and engineered for you mile after music filled mile!

Kappa Perfect Coax Series

Motorcycle audio speakers

Series features

Designed premium solution for Harley Davidson the Perfect Coax series will fit and perform. Using Basalt Fiber cones for the lower register and Soft Dome Convertible tweeter design for the upper range. Ability to Bi-Amp these speakers make them versatile for all installations wanting unmatched dynamic control. Composite baskets designed to withstand the vibration and harshest of environments.

- Convertible design
- Composite baskets
- 2-way in-line crossover
- HD grills included

Product models:

INFSPKKP600X	6.5" Coaxial
INFSPKKP600xs	6.5" Coaxial with round grill
INFSPKKP900X	6"x9" Coaxial

Kappa Perfect 900x

Kappa Perfect 600x

Kappa Amplifiers

Motorcycle audio amplifiers

Series features

The KAPPA Perfect Series powersports amplifiers deliver efficient Class D power, from an ultra-compact chassis, designed to fit into tight spaces and withstand outdoor environments without missing a beat.

- Ultra-compact aluminum chassis
- Conformal-coated PCB
- Big dynamic power
- Full-range outputs and selectable crossovers
- High-and low-level inputs
- Harman standard reliability testing
- INFINITY industrial design

Product models:

INFPWSKP5004A 4 x 75w RMS bridgeable amplifier
